

# Tomorrow, leave home without it.

**Keep your car parked even just once a week. You could save money, stress and the air.**

Just once or twice a week, try getting around another way. Take mass transit, share a ride or car pool.

Walk, bike or in-line skate. You could save some money and sanity. Plus, you'll be helping to reduce traffic congestion and pollution. Vehicles on the road account for more than 25% of all air pollution nationwide. You help to reduce that amount by choosing another mode of travel and leaving your car behind. So keep it up because—

*It all adds up to cleaner air*
